## *St. Rita: a Picture of Development of Character*

The prime objective at St. Rita High School is the training and advancement of the personality and character of the individual student. The only way to achieve such a difficult goal is to cultivate a young man's religious, moral, intellectual, physical, and emotional development.

Education and growth in religion are effected by giving each student a more complete knowledge of his religion and by demonstrating how it applies to his problems in daily life. Thus the student will have a better appreciation of its value.

Concerning the acquisition of morals in line with the moral law of God, it is endeavored to produce a Catholic gentleman who is aware of his purpose and place on earth and one who is able to achieve his natural and supernatural ends by integration and organization of his own life.

Intellectual development of the student is attained by training the judgment of the individual to the extent that he may always distinguish the primary values in life and thus discern important civic, social, and personal values.

With the premise that a sound mind functions more efficiently in a sound body, every possible measure to insure physical safety, well-being, and growth is practiced and applied by means of high alimentary standards and excellent athletic facilities.

Development of the emotions is achieved through furthering by word and example, self-control, self-reliance, and the worth of the individual.

These are the invaluable qualities and character traits to whose promotion St. Rita High School has been and shall continue to be dedicated, with the temporal and spiritual welfare of the student in mind.

## *Fr. McArdle Directs Monastic Life of Augustinian Brothers and Priests*

Fr. Henry McArdle, O.S.A., our Prior, directs the community life at St. Rita Monastery. Although his main concern is the Monastery, Father occasionally finds time to visit the high school and acquaint himself with the students.

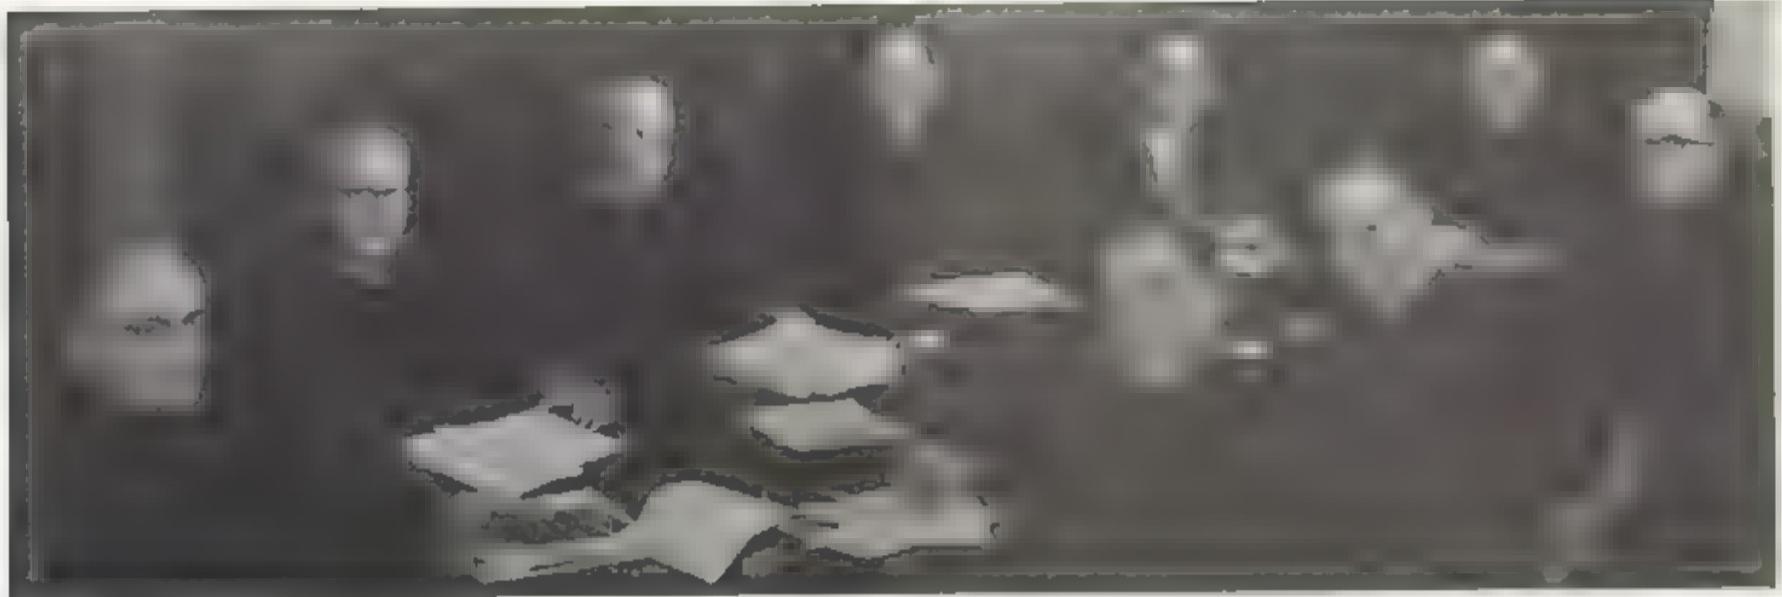

His experience at St. Rita is quite extensive for he has served as a Spanish and mathematics teacher, Student Counselor, and Moderator of the band. One of his varied responsibilities is caring for the spiritual and physical well-being of his fellow Augustinians. Another one of his many duties is the assignment of priests to assist in various parishes.

*Rector*

## *Father Crawford Exemplifies True Spirit of Loyalty and Dedication*

Father Francis Crawford, O.S.A., Rector of Saint Rita, holds not only a Master of Arts degree but also the degree of Specialist in Education. As director of studies in previous years, and as present rector, Fr. Crawford has impressed Rita Men with his calm and sound judgment. Loyalty and manliness are the key insights to his personality. The example set by Fr. Crawford—loyalty to school, dignity and strong convictions—are truly those to which all men should aspire. Father has contributed greatly to the standards of St. Rita and has developed its students into "men."

## *Religion Department Changes Program to Include Liturgy*

To instill a better understanding of the changes made in Catholic liturgy, the Religion Department has introduced to its line of teaching a study of the work of the Second Vatican Council and its work in updating Catholic liturgy. This course complements the regular religion courses in the first three years and the sociology course in fourth year. With the arrival of the liturgical change in religion, a new religion text will be introduced next year to better inform the students.

The main purpose of the Religion Department is to implant in the students both the knowledge and love of God so that they will be better able to live a good Christian life now and in the years following graduation. To prepare students for their state in life, a special course on marriage and family is given in the senior year. Besides this course, lectures on religious vocations are given several times in chapel.

Working hand-in-hand with the chapel program, the Department encourages frequent reception of the sacraments, especially on the students' assigned Mass day. By means of retreats, students come to the realization that religion must play a greater part in their lives. Through classroom education and by the practice of their religion, students are prepared to live better Christian lives.

## *English Department Modernizes to Meet New Educational Challenges*

The English Department, under the direction of Mr. Donald Racky, is playing its part in the St. Rita effort for improvement. At present the Department is concentrating on enhancing the content of the various English courses in order to insure that students will be better prepared for college. There are several aspects in this improvement program.

The grammar and usage topics which had formerly been taught to seniors have been moved to the junior program, since teachers' reports and Departmental Examinations show that freshmen and sophomores have improved enough to allow juniors to take a more rigorous course. Also, the traditional senior literature study of British Literature is taught in sophomore year.

The senior curriculum now includes a modernized English IV program, in which students stress problems in sentence structure, writing organizations and development, and depth analysis of literary types. The five new texts, *Succeeding in College Entrance Achievement Tests*, *The Art of Short Fiction*, *Reading Poetry*, *Writing Prose*, and *Writing: Unit Lessons in Composition*, are also being used in the junior course. Also, the senior curriculum makes provision for several senior sections to study "Advanced High School English." In this new course more concentration is placed on writing techniques and on imagery in literary analysis.

These various programs for advancement and modernization are aimed at fulfilling the goals the English Department has set forth giving students special preparation for the future, modern mechanized, specialized, educationalized world they will face.

**MR. DONALD RACKY** is presently working for his Ph.D. from Loyola and teaches English III and IV. He is both a Y.C.S. and Ritan moderator. He is Chairman of the English Dept., and his hobby is reading.

## *Social Studies Department Recognizes Need for Constructive Thinking*

Current Events, a new course, was added to the Social Studies Department. Available only to seniors in the scientific course, Current Events was studied by using nine pamphlets on foreign relations. More individual library work and an increased amount of critical analysis and interpretation were necessary for this course. Large maps, charts, and desk maps were used in the classes to illustrate ideas and points. Geography, another new course, was offered to those seniors taking the general course.

The Civics course gave an extensive insight into politics. Students kept up to date by writing to Congressmen for information on governmental aspects.

The Department had access to the latest editions of *Time* and *Newsweek* magazines, and conducted the Washington trip for seniors.

*Time* magazine gave an award of excellence and two certificates of merit to seniors for their achievements in Social Studies.

The U.S. History course concentrated on different interpretations of specified topics and aimed at the development of good Christian ideals.

## *Language Department Continues Old and New Techniques of Teaching*

The Language Department, under the direction of Fr. Ralph Giovinetti, O.S.A., has continued the new techniques, which were introduced into its curricula last year. These techniques included a series of motion pictures, film strips, tape recordings, records, and pamphlets which related to the foreign countries involved. The most effective "tool of education" was found to be the Spanish newspaper, *La Luz*, introduced by Mr. Zalatories to his classes. Through this medium students acquainted themselves with the customs of the peoples and also learned the language.

The students are offered a two-year course in either Spanish, German or Latin, or a four-year course in Latin.

The Language Department aimed towards teaching the students not only to speak and to think the language, but also to become acquainted with the classical backgrounds.

## *Mathematics Department Updates Curriculum*

To keep pace with the everchanging language of mathematics, the Math Department, under the chairmanship of Mr. Lawrence Sullivan, has adopted a series of new textbooks. These books treat the new material with a modern approach that has for its basis an emphasis on discovery and understanding of basic principles.

All freshmen are taught a course in modern algebra. Six sophomore classes are offered a pilot course in modern geometry, with the view that all sophomores will be taking this course next year. Senior mathematics consists of either elementary mathematical analysis or modern trigonometry. Elementary analysis consists of introductory courses in calculus, analytics, and vector quantities. It is the purpose of Department to acquaint the students not only with the new concepts, but also the reasons underlying their foundation.

## *Recent Improvements Indicate Bright Future for Technical Department*

The major improvement in the technical department was the moving of automotives to the former aero-hangar, which was completely renovated. This renovation included the painting of the entire building and the construction of extremely pleasant working conditions for the students. Over the years automotives has received great emphasis. Students are first given an insight into the theory of the automobile and the engine, and then they apply and augment this theory by actual experience in dismantling, rebuilding and operating engines.

Three new courses appeared on the scene: the first of these is a course entitled aerospace. This subject includes the scientific study of the relation and significance of atmospheric and astral regions to man. The other two courses, advanced woodshop for juniors and general shop for freshmen, include the study of woodworking, plastic, metal working, and some electricity. A basic knowledge and understanding in the use and function of many power and hand tools is presented. Practical application of woodworking skills is developed by making bookcases, shelves, and other useful objects.

Finally, we come to the increasingly popular electronics department. Participating students experiment with an audio amplifier and apply all theoretical knowledge to building and experimenting with a super-heterodyne receiver. After this, basic theory of TV, radar, and industrial applications of electronics are introduced.

FR. CASIMIR PAZERA  
OSA, Chaplain, the Technical Department teaches geometry, electronics, R&W H and data processing. He came here in 1961 and has a BA from Villanova. He is the Radio Club Moderator.

Joe Banaszak, John Kucala, and Rich Gergits put finishing touches on projects they made in the advanced woodshop class.

## *Science Department Introduces BSCS Biology and Earth Science*

A great change in the Science Department took place in the field of biology. The Department introduced the Biological Sciences Curriculum Study, which placed a greater stress on the teaching of biological principles and techniques. The BSCS, although it includes the regular former material, emphasizes the biochemical approach to biology. During the year the students used over two hundred chemicals in their laboratory work. Such work included cultivating bacteria and fungi, using chromatography, working out the Mendelian laws by means of fruit fly studies, and incubating chicken embryos.

In its modernization movement, the Department introduced new textbooks and lab manuals and workbooks for general science, biology, physics, and chemistry.

Earth Science was added to the curriculum so that a science course could be offered to those juniors who are not taking physics.

Outside of classroom study, the Science Department conducted the St. Rita chapter of the Future Scientists of America. This club was organized to promote interest in the study of science and in the possibilities of scientific careers.

Two members of the science department faculty were honored for their work by grants from the National Science Foundation last summer. Fr. Raymond Wheeler, O.S.A., chairman of the Science Department and chemistry teacher, received a grant from the University of California at Berkeley where he spent eight weeks studying physics and chemistry. Fr. Edward Andrews, O.S.A., who teaches earth science, received a grant to study geology at the University of Notre Dame.

## *Stamina and Endurance Are Aims of Physical Education Department*

The Physical Education Department, under the chairmanship of Mr. Edward Galvin, has as its purpose the provision of a constructive outlet for physical exercise in order to form a well trained, healthy body. This purpose is applied in the weekly gym classes through a program of calisthenics and team sports. The first fifteen minutes of each class period is devoted to exercises and the remaining time to sports such as baseball, dodgeball, soccer, etc. However, since the classes only meet a few times a week, the students are encouraged to carry out a program of calisthenics on their own initiative.

The effectiveness of the program is being probed in the newly established "Freshman-Sophomore Weight Program". In this program the freshmen and sophomores have their weights and heights recorded. Then, when they become juniors and seniors, recordings are taken again; and the results are compared with the national average requirements of weight and height. By this it is hoped that the student will be given an incentive to watch his own physical development.

## *"Mustang Spa" Receives National Award*

The cafeteria, better known as the "Mustang Spa", won the National Award for Food Service in a Catholic Institution!

This award was given at the National Hotel and Motel Show in New York City last November. The cafeteria won its award because of the volume of people and type of lunch served, the cleanliness of the kitchen, and its friendliness with the students.

The "Mustang Spa" had its kitchen remodeled with ultra-modern equipment that ensures better cleanliness

Besides their daily duties, the brothers who staff the "Mustang Spa" also help at dinners and banquets held by many school organizations. The brothers also operate the concessions at football and basketball games.

Brothers Neal, Anthony, William, Bernard, Martin, and Mrs. Flink show Fr Crawford the National Cafeteria Award trophy given to St Rita for outstanding food service in 1964

### *In Memoriam*

**FR. JOSEPH F. O'CONNOR, O.S.A.**, died suddenly on October 26, 1964. Father was born in Brookline Massachusetts, on September 19, 1915. He studied at Villanova University and the Catholic University of America, and was ordained a priest in the Augustinian Order in Washington, D.C., on May 28, 1942. After completing work for the Masters Degree at Catholic University in 1943, he was assigned to St. Rita High School. He remained on the faculty at St. Rita from 1943 to 1950, during which time he taught American history and served as athletic director of the school. During the years 1950-1962 he did parochial work in Michigan. In 1962, he returned to St. Rita, where he had been acting in the capacity of assistant procurator.

**MISS MARVANN RAHE** has been a switchboard operator and secretary to the Director of Studies since her arrival in 1963. Her special interests are painting and dancing.

**MRS. NATALIE SATUNAS**, the School Registrar, came to St. Rita in 1956. She is the Supreme Treasurer and Chapter Secretary of the ALRC Women's Alliance. Her interests include club work.

Absorbed in their work, these boys and girls practice a speed drill in a summer school typing course.

## *Many Eager Students Attended Summer School to Earn Extra Credit*

The St. Rita Summer School entered its thirty-sixth year in 1964. Nearly one thousand boys and girls from both St. Rita and our neighboring high schools attended the Session under the direction of Fr. Robert Verstynen, O.S.A. and Mr. Desmond Coleman.

Academic, scientific, and business subjects were offered to those students who had a deficiency to make up or who wished to earn an extra credit. Also remedial courses in English, Reading, and Arithmetic were available to grammar school graduates and high school students during the eight week co-educational session.

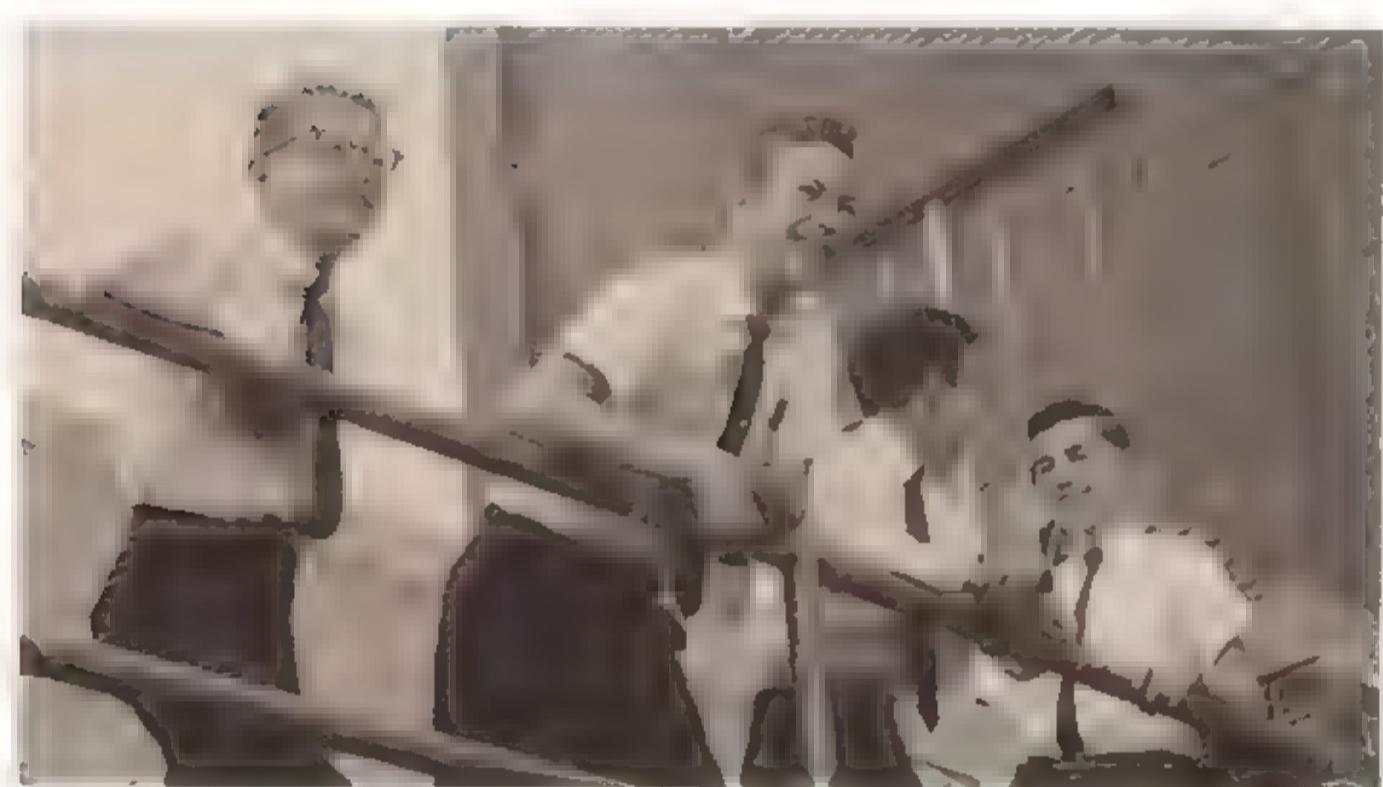

In a remedial reading class, Mr. Louis Ricci points out the use of quotation marks in a sentence to Joan Burke, Andy Staniszewski, and John McNichols.

While Pat Malloy is solving his algebraic expression, Fr. Gorra tells Al Chmiec first to factor the numerator.

## *Senior Year—a Spectrum of Colorful, Memorable Events*

Starting with orientation day in September, the seniors began the most challenging year of their high school career.

The year, packed with activity, fun, and achievement, unveiled a memorable chain of events. Senior pictures, ACT and SAT tests, college applications, mid-terms, and finals composed a major part of the year. The class undertook its major responsibility of setting the pace for rest of the school.

Intermingled with the serious side of senior year were its lighter aspects. Homecoming, basketball and football games, sock-hops, Christmas Ball, and victory dances contributed to the spirit, excitement, and success of the seniors.

Spring brought the long anticipated prom one of the last formal gatherings until the tunes of graduation ceremonies commenced.

With diplomas in their hands, the Class of 1965 emerged and took their position as adult citizens of the world.

## *With Eagerness Juniors Prepare for Leadership*

Approaching their final year at St. Rita, the juniors enjoy the privilege of leading the underclassmen. With two years of high school life already behind them, these experienced students face the difficult scholastic requirements of this their roughest year. The demands of hard work and much study are now familiar to them as they prepare themselves for the responsibilities of school leadership that they will face as seniors. Many juniors now have a good idea of their vocation in life, and the thought of achieving their goals gives added interest to their studies.

## *Sophomores Participate in Many Varied Activities*

ter Secretary Charles W. Weston, Vice President Thomas Berry, Treasurer Alex Falcon.

The Sophomore class, after the dramatic transformation from humble freshmen to upperclassmen, adjusted to a fuller appreciation of the structure of school life

The sophomores have found that participation in the school's varied activities is essential to their scholastic life. This participation cannot be overemphasized. In the future, success in a person's particular career will have much to do with the amount of knowledge he has obtained outside the classroom

In the academic field the sophomores are offered well-oriented courses in science and business. The curricula of these courses serve to acquaint the students with related studies later in life

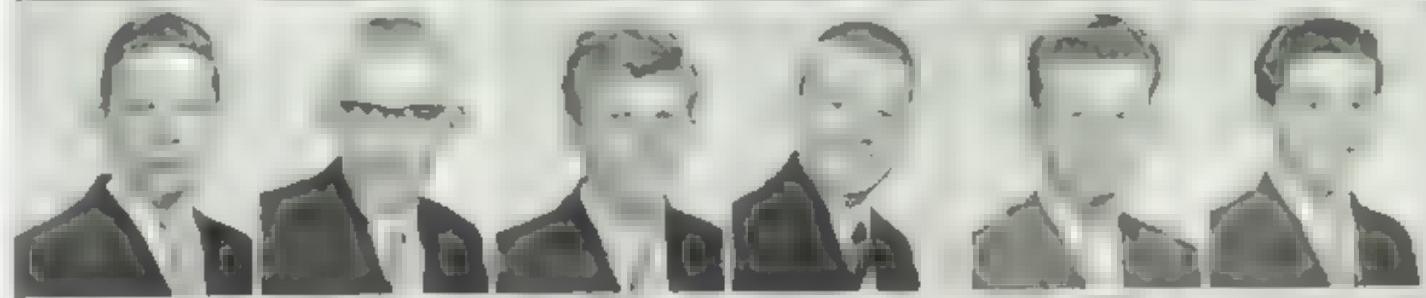

The integration of outside activities with regular intellectual development obtained in school is directed to the formation of well-balanced personalities

## *Freshmen Face Challenge of High School Life*

In seeking to find themselves, the freshmen lend their support to the endeavors of the school. They have been introduced to the rigors of high school life and have much to learn both socially and scholastically. These eager, energetic boys are now Rita men and they must face the responsibilities of this position. The challenge of meeting new friends, learning new subjects, and participating in school life lies before them and will not be accepted by all. They are preparing themselves in mind, soul, and body for their duties as the future leaders of our school and for lives of well-educated Christian men.

The first major social event of 1965 was the Junior-Senior Dinner Dance. The dance was presented by the Student Congress at the Ferrara Manor on St. Valentine's day.

Last year the Dinner Dance was held to honor the National Prep Football Champions, and it was such a success that the Student Congress decided to make it an annual affair.

General Chairman of the dance was the Senior Class President, Jim O'Grady. Assistant chairmen from each class were D. Mrozek 4-D, A. Bautista 4-F, M. Eckert 4-F, D. O'Grady 3-D, and J. Viktora 3-E.

One hundred seventeen couples attended the semi-formal affair. The music for the evening was provided by the Guy Charles Orchestra.

*Junior Prom* Starlight and Crystal was the theme chosen for the Junior Prom held here at the gymnasium on May 3, 1964. In addition to a gay atmosphere and an a la mode menu by Will Gurneau and his Orchestra, the theme of this Junior Prom function was one of complete success.

*Million Dance* On March 14, 1965, the annual Million Dance was held in the school gymnasium. Many weeks of careful advance planning and ticket sales fired the students' enthusiasm. The proceeds of this worthy activity went to our foreign missionaries to all the different mission task foundations.

*Senior Prom* The most prominent school activities of the senior class was the Senior Prom. The South Shore Country Club was the site of this memorable event. Tickets for males and females contributed to the formation of a happy evening.

## *a Quick Tempo in School Spirit*

*Christmas Ball* The annual Christmas Ball commenced the Yuletide Season of 1964. The gymnasium was decorated with wreaths and poinsettias. This dance heightened the Christmas spirit with an evening of merriment and entertainment. The night reached its climax when Jane Irwin was crowned Miss Merry Christmas. A visit from Santa Claus closed the evening.

*Homecoming Dance* School spirit reached its peak during homecoming weekend when the pep day carried the spirit to Saturday's football game. A spirited crowd poured into the gym for

the dance which was the scene of a vigorous pep rally. Cheers echoed through the walls and the screaming and clapping prevented any sort of communication other than victory.

# *ORGANIZATIONS*

## *The Ritan Improves*

The Ritan is published every month except January. It is headed by seniors Walt Dedmond, Sig Eisenschenk, and Norbert Koziol, the editors-in-chief, and moderated by Mr. Donald Racky, the chairman of the English department. Mr. Racky, the editors-in-chief, and the assistant editors must meet a number of times monthly for the assigning of articles, editing and proof reading, and, finally, assembling the articles and pictures into a unified edition of the Ritan.

The major efforts of the Ritan editors and Mr. Racky have been concentrated on changing the structure of the Ritan to make a better, more unified newspaper. The size of the pages has been decreased and two extra pages were added to provide a smoother transition between pages. To increase the physical attractiveness of the Ritan, flush heads were initiated along with the use of clearer, more distinct pictures. And the composition of the articles themselves have been improved by the use of more quotes, something for which the Ritan editors have striven.

The Ritan has repeatedly received first and second class ratings from the National Scholastic Press Association. The NSPA analyzes and criticizes its member student newspapers throughout the country and gives each a rating, the highest of which is the "All American" rating.

## *Blue Key Stresses Service to School*

"Service to the school—this is the function and goal of the Blue Key Honor Fraternity." Blue Key consists of a select group of exemplary seniors, under the guidance of Father Hogan, the Senior Counselor and school Director of Public Relations. Qualifications consist not only of a high academic average, but also of extracurricular activity, school

spirit, leadership ability, Christian manliness, and fine personal qualities. Members were screened and selected by the school administration and a faculty committee.

Consisting of seniors only and being a vital, active organization, Blue Key has become the most influential, respected, and effective group in the school.

A fund-raising dance was held on Saturday, November 21, to provide for the purchase of blue blazer jackets, the outward symbol of the organization. These jackets were given to the members as evidence of certain status, to be worn on special occasions, such as the hosting and ushering of special events. Blue Key members will also assist in the public relations of the school, and may be called upon to represent St. Rita in community affairs and in the functions of other schools. The members are expected to project the best image as loyal Rita men.

# *Debate Team Competes in Dubuque and Washington*

This year, the St. Rita Debate Society has done very well in Chicago Catholic Forensics competition. The senior debate team has participated in tournaments at Madonna, Gordon Tech, Mother McAuley, and St. Rita high schools, as well as tournaments at the University of Illinois, Georgetown University in Washington D.C., and Loras College in Dubuque, Iowa. In all tournaments, the senior team has posted winning records. The abilities of the team have been best shown at the Navy Pier tournament where the team of Paul Rundquist and Michael Kaye placed 9th out of 120 teams.

The junior team, paced by Bruce Quintos, who received a 2nd place speaker's trophy, has also done well. A team composed of Bruce, Al Juodvalkis, Mike Higgins, and Larry Reilly placed 3rd in a tournament at Madonna High School. The experience received by Bruce Quintos and Al Juodvalkis in this year's senior league should make them a top team in their next two years.

## Bright Orators Spark Speech Club

The Speech Club and Student Congress, under the guidance of Mr. McClure, participated in the public speaking tournaments of the Chicago Catholic Forensic League. This league is comprised of 49 Catholic high schools and holds 30 tournaments annually. Participation in the tournaments centers in three categories—*ex tempore*, original and non-original, and interpretive reading. Participating students are presented with certain bills

to gain an understanding of how our government's legislative bodies work.

P. Rundquist, B. Quintos, M. Kave, and R. Babula have been awarded individual speakers' trophies. Paul Rundquist and Mike Kave are also the school's best contenders for the National Catholic Forensic League Tournaments held each year in New York.

## For God and Country Opposes Communism

For God and Country, the Patriotic Study and Action Group moderated by Fr. John Beretta, O.S.A., aims for the preservation of America's freedom under, constitutional government, and the free enterprise economy of our country.

The officers of this organization are President Roman Sakadolski, Vice-President Edward Hun-

ssinger, Secretary Jerome Maher, and Treasurer Michael Waterloo. Besides a complete course on the evils of communism, the group has provided the library with a commemorative display of the late John F. Kennedy, cooperated in the presentation of films exposing the true nature of Communism, and flies the flag above our school each day.

## *Science Club Discloses Truths of Nature*

The Science Club has encountered success in both its fields and activities under the competent leadership of Fr. Raymond Wheeler, O.S.A.

Comprised of members of the Future Scientists of America and the Illinois Junior Academy of Science, the club holds its meeting every Wednesday. At these meetings different scientific facts

are exposed and fully explained to the members.

In cooperation with the Illinois Bell Telephone Company, many useful science kits are obtained which the members assemble. The requirements for the club membership are either a *B* average in science or presentation of a science fair project.

## *Cheerleaders Spark Team Enthusiasm*

Under the direction of Fr. John Peck, O.S.A., Rev. K. Kowalski, Rich Kmiec, John Prazuck and Ed Frazee, the Rita team has many victories.

# *Sanctuary Society Emphasizes Love of God*

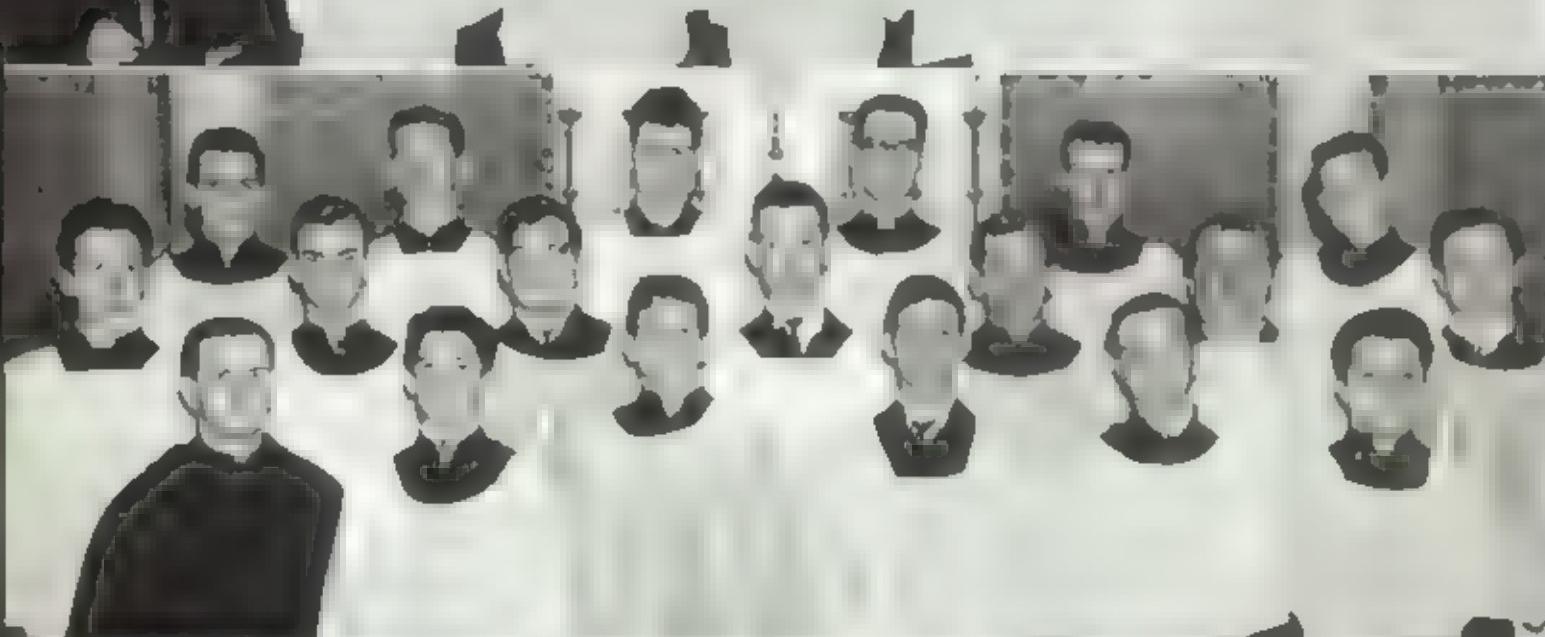

The Sanctuary Society is one of the most popular and well known organizations in the school. This year, under the direction of Fr. Lawrence and Bro. Neal, moderators, members of the society have learned the special rubrics of the "new liturgy". Members enjoy swimming, basketball, and pizza parties provided for them occasionally by the moderators. The servers have the primary function of helping with evening devotions and Holy Hours and assisting the priests at their masses in the Monastery and school chapel.

On Chapel days the boys serve Mass in the Monastery or school chapel in order to fulfill the Society's purpose.

# *Radio Club Stimulates Knowledge and Applications of Electronics to Science*

The Radio Club is under the guidance of Fr Casimir Pazera, O.S.A. The club is branched into four departments to cover the vast field of electronics and its applications. These departments are amateur radio, hi-fi stereo, radio control, and electronics experimenters. Each department has a chairman who is responsible for their entrusted equipment and conducting meetings. Students may earn one-half credit by attending weekly electronics classes and passing a comprehensive exam.

The amateur radio department broadcasts under the station license "WA9DNX": the station trustee and chairman is Robert Zittman. This year five members have earned amateur radio licenses from the Federal Communications Commission.

Amateur radio communicates with stations all over the world.

The hi-fi stereo department gives its members practical knowledge and skill in setting up speakers, amplifiers and other stereo apparatus. The chairman is Charles Young.

Members of the radio control department guide airplanes, boats, and other vehicles by means of electronic controls which they construct. Phil Metzger is chairman.

The electronics experimenters' department deals with electric eyes, magnetic fields, and other electrical phenomenon. Fr. Pazera conducts their instruction classes and helps them with their experiments.

## *Camera Club Prepares for Home "Darkrooms"*

The Camera Club, under the supervision of Fr. Raymond Wheeler, O.S.A., holds meetings after school each Tuesday.

The ultimate goal of the club is to take good pictures. Members are instructed in the processing of film, enlargements, explanations of trick photog-

rphy, and the features of the camera. These instructions will enable the members to start their own darkrooms at home. Movies, slides, and other concrete demonstrations are presented so that members may better acquaint themselves with photography.

## *Collectors Speculate on Rare Stamps and Coins*

The Stamp and Coin Club is directed by Fr. Jacek Tylzanowski, O.S.A.

At the monthly meetings, ardent collectors exchange stamps and coins and discuss important finds. Collectors exhibit stamps which are viewed because of their color and enhancing designs as

well as their value. Members gain knowledge of foreign lands, of famous men and women, and of past history which is retold on stamps and coins.

The highlight of the club's activity came in May when an impressive exhibition was held for both students and collectors.

# *Mothers' Club Promotes Student Welfare*

The Mothers' Club, one of the school's chief fund-raising organizations, is under the direction of Father Edward Andrews, O.S.A., assisted by Father Richard Meehan, O.S.A.

The officers of the Mothers' Club are Mrs. Zeeb, President; Mrs. George Kazmer, Vice President; Mrs. Walter Mrozek, Recording Secretary; Mrs. Joseph Geraci, Corresponding Secretary; Mrs. James Miles, Financial Secretary, and Mrs. Stanley Rundquist, Treasurer. This year the theme of the organization is Saint Augustine's admonition "Let no one work for himself alone; but let all your

word be for the common good."

The organization—in addition to its regular monthly meetings—sponsored a reception for Freshman mothers, a theatre party at Drury Lane, a rummage sale—a term of a fund—a faculty Christmas party, a Day of Recollection, and a Novena to Saint Rita.

The goal of all these functions is the improvement of Saint Rita High School not only externally, but also academically and spiritually through its students, faculty, and parents.

## Hockey Team Edged Out of Playoffs

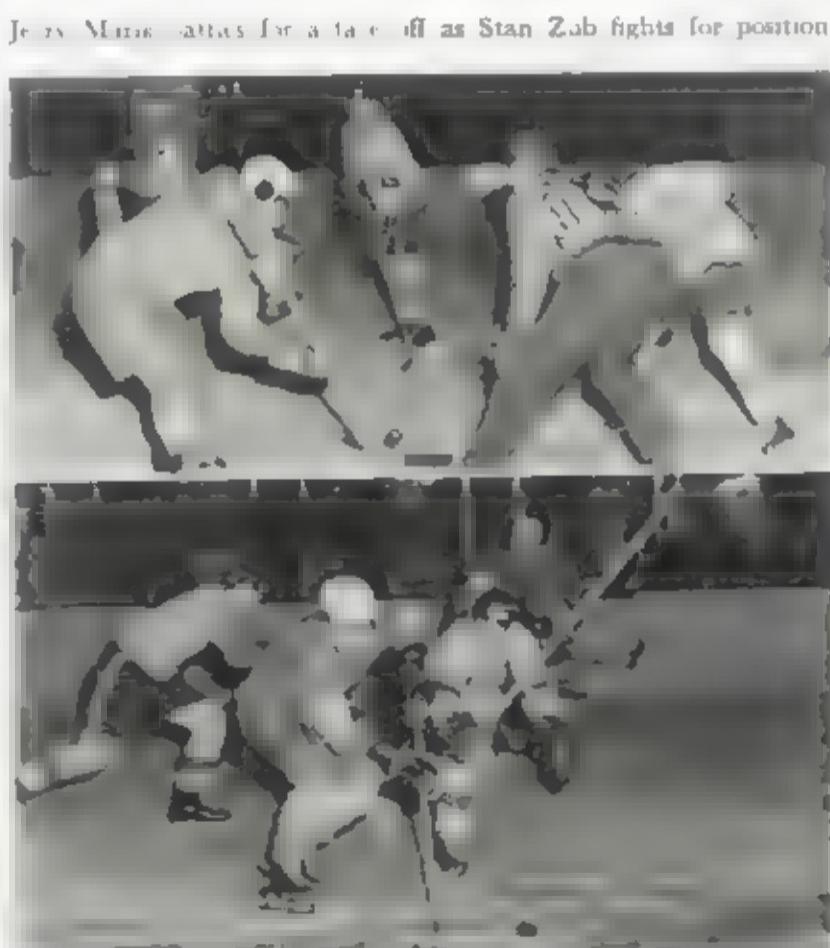

The St. Rita Hockey Team, in its second year of Catholic League competition under Coach Jim Marik, compiled a 4—5—3 record for fifth place. This year's scoring leaders were Ray Majdecki with 8 goals and 4 assists and Jim Surges with 6 goals and 3 assists. The main difficulties encountered resulted from lack of depth in the secondary. Next year, though, with the aid of three promising sophomores, Larry Dzielawa, Al Chmiel, and Jim Surges, the Mustangs should make an important showing in the C.H.L. standings.

The St. Rita team won South Section honors by defeating Mt. Carmel in an exciting double overtime, but lost to De Paul by one point in a hard fought playoff game.

## Lightweights Capture Catholic Title

The caliber of the performance of the lightweight team is aptly captured by Bill Gleason's article in the March 13 *Chicago's American*: "The court work of St. Rita Coach Ed Galvin's little fellows is beautiful. You seldom see a pass thrown from the sideline near midcourt to the baseline on the opposite side, but Ed Burkauskas of the midget Mustangs throws them and accurately."

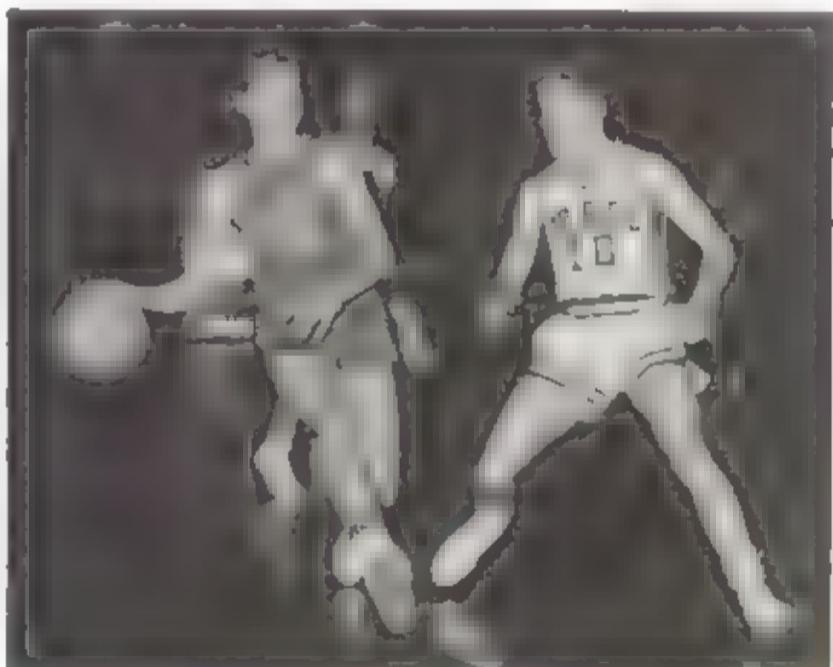

Under the leadership of Coaches Ed Galvin and Bob Kopecky, the Lights won the Brother Rice Round Robin and the Fenwick tournament. Through consistently fine performance all year, they streaked through a perfect league record of 12 and 0. They won the South Section title and captured the Catholic League Championship in an overtime contest.

Students, who are not able to play on our varsity basketball teams, are given an opportunity to take part in intrascholastic competition. These contests not only allow more participation but also provide entertainment for the students during their lunch period. The competition among the

section is tough but in the end championship teams are awarded patches to signify their accomplishment. The intramural program is directed by Mr. Jim Guzzo

## Tennis Team Finishes Fourth in League Play

The Tennis Team completed its sixth season of league play under the direction of Fr. Edward Andrews, O.S.A. In Catholic league tennis each team plays five singles and two doubles matches. The team winning the match receives one point, so that the maximum number of points distributed in the meet is seven. The St. Rita team finished fourth place in league competition, but was unable to

show a better record in the playoffs. The team's standout is Mark Strzala, who has shown an individual record of 29 wins and 5 losses for three years of Catholic league play.

## Baseball Team Ends Season As Co-Champs

The varsity baseball team ended Catholic league play last spring in a three way tie with Mendel and Bro. Rice for first place. Under the direction and leadership of Fr. O'Malley and Coach Porrevecchio, and sparked by the pitching of A. Pauls and A. Bautista, the team ended the season with a creditable record of 11 wins and 7 losses.

In the league playoffs, the varsity lost to Bro. Rice twice, 4 to 2 and 1 to 0. However, they stunned the Fenwick team with a 15 to 1 victory, securing for St. Rita a share in the first place laurels.

# Frosh-Soph Finish Season with 5 Victories

The year's rainy spring lessened the number of games played during the season. Although handicapped by muddy fields and soaked turf, the frosh-soph squad managed to win 5 games out of the 13 games played. St. Rita hurlers pitched two shut-out games last season, but this year pitchers G. Jones and J. Zak hope to improve on this. With new recruits from the ranks of the freshmen, and with the promise of new pitching and hitting talent on the horizon, Fr. O'Malley, moderator, and Coach Porrevecchio hope to finish on top of the league.

Moderator Fr. O'Malley is the moving force behind the two baseball teams.

Under the guidance of Fr. R. Giovinetti, O.S.A., the Intramural Bowling League, which continues to attract a great number of students, has completed another successful season at Gage Park Bowling Lanes. The league is divided into four groups, one for each class. Each group has about twelve teams.

The bowlers vie for top honors including best team play, highest average, highest series, and highest game. Awards and trophies were distributed at the annual Bowling Banquet held in May.

## Rifle Club Forms a Second Team

This season our rifle club exhibited a marked improvement over the last year. An increase in membership facilitated a division of the club into two teams on the basis of experience. The senior or Red team distinguished itself by capturing first place in the Lawndale Junior Rifle Tournament and by posting good scores in competition with more proficient teams at other matches. The junior team, due to its inexperience, was incapable of attaining the success of the senior team. The St. Rita Rifle Club sponsored the 1965 National Rifle Association Junior Sectionals held here at St. Rita
